
CONSTRUCTION ENGINEER

Warrenville, IL

Engineering Resource Associates, Inc. is seeking a Construction Engineer to work in our Warrenville office. The primary role of this position is to provide oversight on construction projects relating to transportation and infrastructure projects for county, and DOT clients.

Skills, Knowledge, Qualifications (Required):

- Bachelor's degree in civil engineering
- 1-5 years of experience in construction engineering
- Familiarity with IDOT materials and documentation procedures
- Ability to read and interpret construction plans and documents, compute quantities, verify measurements and layouts
- Strong oral and written communication skills with the ability to maintain detailed daily diary entries
- Demonstrated ability to work collaboratively with all project stakeholders (client, contractor, sub-consultants, residents)
- Strong interpersonal and communications to interact with the public and resolve problems with contractors
- Experience with Illinois Construction Records System (ICORS) is a plus
- Proficiency with MS Office applications for reporting
- Must be a US Citizen or permanent resident (without sponsorship)
- Must have a valid driver's license, be able to travel to local project sites, and work extended hours as required.

Benefits:

ERA offers competitive compensation and comprehensive benefits such as generous medical/dental/vision insurance, life insurance, 401K with employer match, paid vacation, and holidays. If you are interested in this position, please send your resume to Staci Withrow at swithrow@eraconsultants.com.
