
STRUCTURAL ENGINEER

Champaign, IL

Engineering Resource Associates, Inc. is seeking a licensed structural engineer to work in our Champaign office. This position would involve a variety of engineering tasks focusing on structural designs and rehabilitation for both transportation and building projects. The ideal candidate has extensive work experience in the field of Structural Engineering.

Qualifications:

- Bachelor's degree in civil engineering
- 3-5 years of experience within a consulting engineering firm focused on structural work
- Experience in AutoCAD Civil 3D, or MicroStation is a plus
- Licensed as a Professional Engineer in the State of Illinois or ability to acquire after starting the position.
- Desire to become a Licensed Structural Engineer in the State of Illinois
- Experience in the design and construction of bridges, buildings, and other structures.
- Experience on IDOT funded projects
- Comfortable with client contact and coordination with municipal agencies
- Must be a US Citizen or permanent resident (without sponsorship)

Benefits:

ERA offers competitive compensation and comprehensive benefits such as generous medical/dental/vision insurance, life insurance, 401K with employer match, paid vacation, and holidays. If you are interested in this position, please send your resume to Staci Withrow at swithrow@eraconsultants.com.
